Sail through **Charleston's Harbor** and learn about the economic importance of the city's port and the protection that its forts have provided over the years.

Learn how Charleston developed into a bustling port and managed to survive war, fire, and yellow fever epidemics.

Science and biology are on the agenda at the **South Carolina Aquarium**. You & your students will discover the wildlife and plants that are indigenous to the state's various regions.

Walk in the footsteps of settlers, pirates, patriots, & Presidents! Join an expert guide for a historic walking tour and a visit to the **Old Exchange Building & Provost Dungeon**.
